

This recreates the data for Bloom, Sadun and Van Reenen (2014) "DO PRIVATE EQUITY OWNED FIRMS HAVE BETTER MANAGEMENT PRACTICES?"

For any questions contact nbloom@stanford.edu or rsadun@hbs.edu

To recreate the results and figures in Stata run the file in the same directory as stata

The raw data in \*.csv format has also been provided for users that are more comfortable with Excel.

The zip-file contains:

pe_dofile.do	This contains the Stata do-file
petopost.dta	This contains all the data in Stata format to replicate the results
petopost.csv	This contains all the data in *.csv to replicate the results
table2.csv	The results for Table 2 produced by Stata
table3.csv	The results for Table 3 produced by Stata
pe_aer.txt	The log-file from the Stata do-file
